

Guiding Networks Through Challenging Times

Dear Friend

There isn't anyone in the UK that hasn't been impacted by COVID-19. It has caused severe disruption and anxiety in various ways.

First and foremost, we want you to be safe and stay well so we encourage you to take the necessary precautions so that we all come through this period both physically and mentally healthy.

As you know Networks Day is on **Wednesday 13th May 2020** and we cannot see COVID-19 disappearing before then. However, given the tremendous effort of networks across Britain, we have decided that the day should NOT be postponed but that celebrations should continue albeit in a different way.

That is why, over the coming weeks, the campaign team will be providing you with resources and ideas to get you celebrating virtually including:

- The biggest special Networks Day Learning Lunch Webinar (registration details to follow)
- Continuing with our Senior Leaders Endorsements on social media
- All promotional material is FREE and will be posted at no cost to you (just [email](#) your postal address to us)
- FREE guidance about the Value Continuum to help you understand how your network can add value
- Virtual tea points: Have a cuppa together and tune into podcasts and Interviews to support you and your networks
- Guides to help network leaders and teams stay well

We know that this is a difficult time for everyone and we as a team want to do all that we can to help networks feel supported and encouraged. Networks Day reminds us that when we pull together and share the burden adversity brings, **the power of staff networks** truly shines through.

Your passion, commitment and courage is #makingworkbetter and your innovation, expertise and voice is #addingvalue to the organisation. That is why we will celebrate you on 13th May. We hope you will join us.

See you online!

Networks Day Campaign Team
